There are 2 owners of MedSea Yachts, Captain Cengiz Selçuk and Eileen Scatterty. Captain Cengiz has been in the sailing industry for many years and a captain for over 25 years. He was raised in the village of Söğüt and has been on the sea most of his life. Until her career change in 2012, Eileen had been in the technology industry focusing on business management as a Vice President for a North American corporation. This partnership brings together both sailing experience and business strategy that provides a strong foundation for our company.

MedSea Yachts gulets (yachts) are ready to provide a spectacular sailing vacation. While on land MedSea Yachts Villas and our restaurant Keçi Bükü Beach & Yacht Club offer a wonderful home-base to discover the wonders of Turkey or just relax seaside.

We can build a vacation to remember. We can customize a land and sea vacation including hotels, transfers and private guides.

Our guests can enjoy motor-sailing journeys on a fully crewed traditional Turkish yacht called a gulet (goo-let). Gulets have been hand built by generations of local Turkish craftsmen. During this exceptional and unique holiday your every need is attended to by a professional crew of Captain, Chef and Sailors. Your private cabin has an en-suite bathroom with shower as well as air conditioning. We sail through southwest Turkey (The Turquoise Coast of Turkey) and other Mediterranean destinations. The Turkish coast has over 8,000 km of unspoilt bays & coves to explore and enjoy.

MedSea Yachts sailing season is April through October. Our **private charter** prices are based on month of sailing, yacht, route and number of guests therefore each charter is quoted separately to ensure the best pricing for our customers.

Cabin charters are great for solo travellers, couples or small groups. Contact us for dates, pricing and availability. Our price includes sailing/crew costs, port fees, meals as indicated on itinerary, beverages (water, soft drinks, beer & wine), private cabin with en-suite bathroom and shower.

Prices excludes airfare, personal insurance, alcoholic beverages not listed above, airport transfers, motorized watersports, tourist visas, gratuities, land excursions

Wake to the Mediterranean sun and enjoy a morning swim in crystal clear waters.

Breakfast will be served on the aft deck then perhaps another swim before you set sail. Stopping in a quiet cove you can enjoy the area by hiking, canoeing, snorkeling or sunbathing on deck.

You will enjoy a leisurely lunch before setting sail again.

Your next anchorage may be visiting a local village or island to explore fascinating ancient ruins, experience local culture, learn about the amazing history of the area or wander through the local shops.

Once on-board you will sail again to a quiet bay where you can enjoy evening cocktails and chat about the days events before sitting down to an exceptional culinary experience.

After dinner relax or maybe challenge your Captain to a backgammon tournament. That evening you may choose to sleep on deck and enjoy the most spectacular star filled night skies and perhaps the best sleep you've ever had.

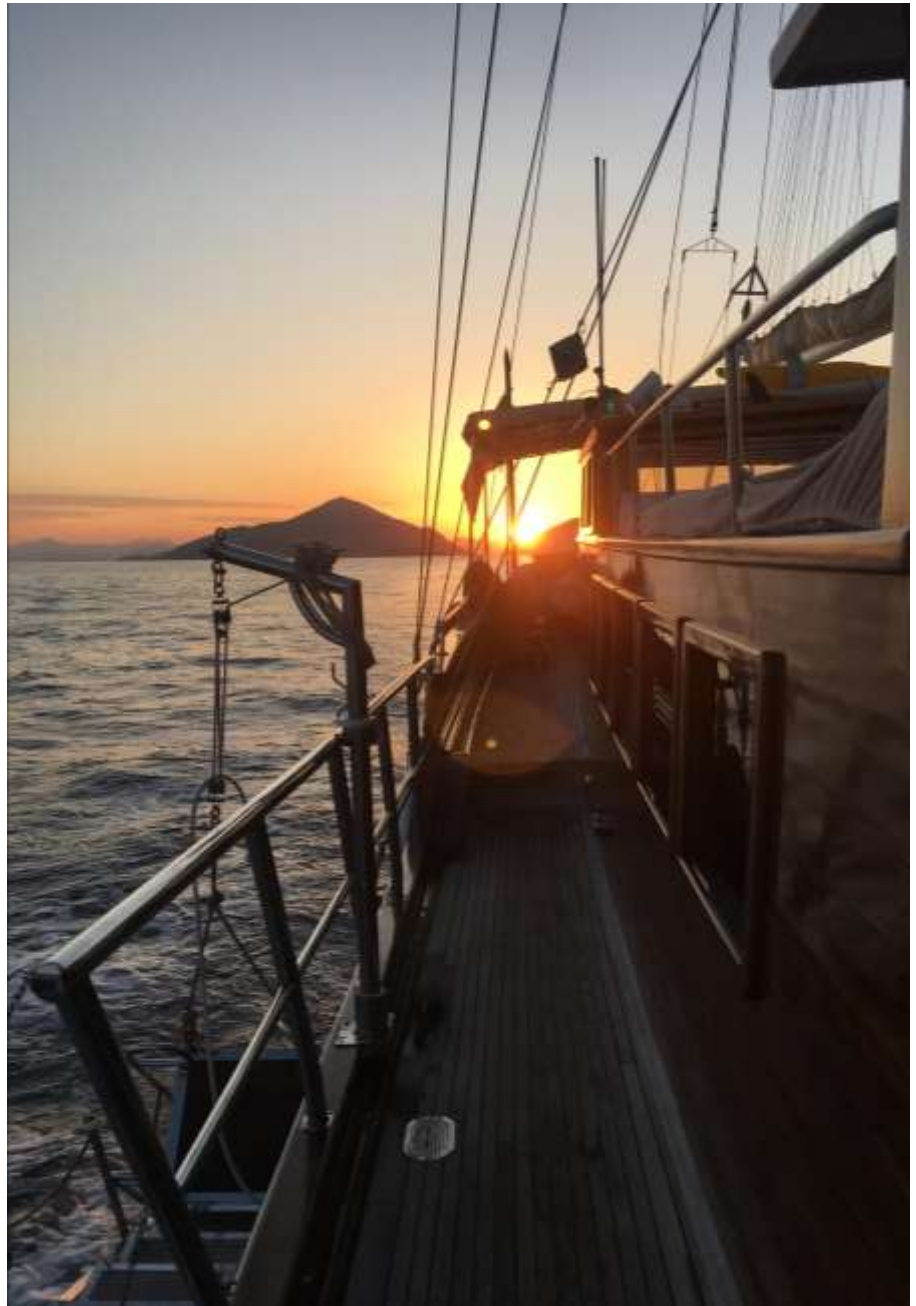

Tomorrow you will begin again with new sights and new opportunities for exploring.

Guests depart saying they've never felt this relaxed.

This is what the MedSea Yachts Experience is all about.

Our Gulets/Yachts

MedSea Yachts owns and operates 2 yachts/gulets (goo-lets). They are both traditional wooden gulets that were built in southwest Turkey by local craftsmen which use skills that have been handed down over many generations. Turkish gulets are known for their broad beam (width) which provides a very stable and comfortable experience for our guests.

The Turquoise Coast of Turkey

The Turquoise Coast of Turkey plus Symi, Greece

Itineraries

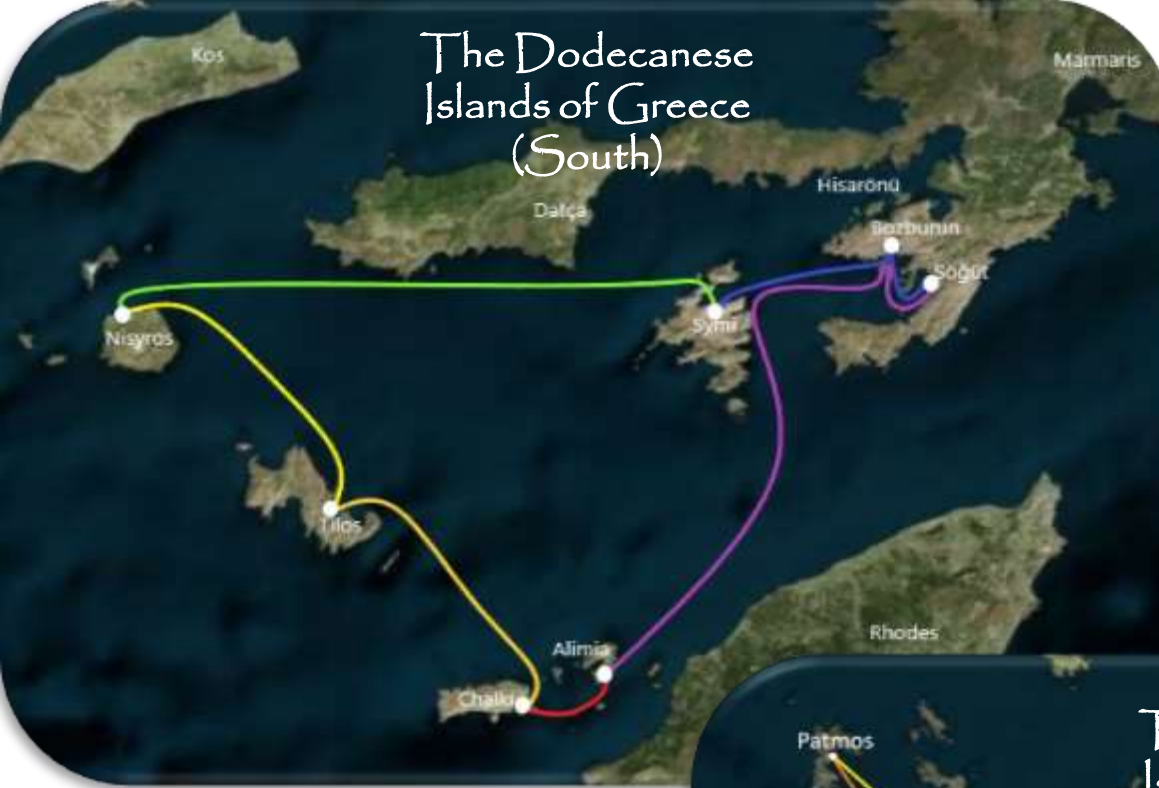

We have several itineraries sailing the Turkish coast and the Dodecanese Islands of Greece.

Our most popular route is the Turquoise Coast of Turkey where you can experience the crystal-clear waters that Turkey is known for.

Historical Turkey

The Dodecanese Islands of Greece (South)

Our home port is Söğüt, located near Marmaris, Turkey. Contact us for additional itineraries and embarkation ports.

The Dodecanese Islands of Greece (North)

Availability may vary

Cuisine

Turkish gastronomy is well known for its presentation and flavor. Your MedSea on-board and restaurant chefs take pride in creating each meal with fresh local ingredients. Enjoy salads and vegetable dishes plus grilled beef, lamb, chicken, seafood or perhaps the catch of the day.

The chef is happy to cater to your dietary requirements and we are vegan friendly.

Keçi Bükü Restaurant

Located seaside at the tranquil Turkish village of Söğüt, a short distance from Marmaris. Our restaurant has a wide range of services in addition to spectacular food and great service, we also have anchorage / jetty services and a full-service beach.

www.KeciBuku.com

Our skilled chefs will prepare a variety of menu selections with fresh local ingredients. Many of the vegetables we use are grown in our own gardens in Söğüt.

Turkish cuisine is well known for its taste and selection. Choose from seafood or grilled meats, salads and mezze/appetizers. We even cater to your sweet tooth with spectacular deserts.

Keçi Bükü Dock / Jetty & Beach

We welcome our fellow sailors to experience our dock where you can anchor or moor your sailboat or yacht.

Our staff are experienced Captains and sailors that can help with any of your sailing needs including small technical problems.

Enjoy free water, electric, showers, Wi-Fi, and laundry services located at the restaurant.

Keçi Bükü Coordinates:

Latitude: 36° 39.650' N

Longitude: 28° 4.800' E

Keçi Bükü Tiny Houses & MedSea Villas

Keçi Bükü Tiny Houses and MedSea Villas are located in the tranquil Turkish village of Söğüt which is 40 kilometers from Marmaris. During your stay you will experience the most friendly and welcoming Turkish culture – true Turkish hospitality. The villas are available to rent daily or weekly and can be a great addition to a sailing vacation with MedSea Yachts.

In addition to self-catering, breakfast or dinner can be included at our restaurant Keçi Bükü .

Regardless of the size of your group, there are villas or tiny houses to accommodate from 1 guest to 20+ guests.

Each has one to six bedrooms, kitchen, bathroom(s) plus indoor and outdoor living areas. The villas are surrounded by natural gardens and fruit trees while the Tiny Houses are just steps from the sea.

MedSea Marine

www.MedSeaMarine.com

As owner/operators of gulets in Turkey we are in a unique position to help other boat and yacht owners. We buy/sell, maintain, refit our own gulets so who better than to help you? Our experience in the industry is unparalleled and our business relationships with yacht owners, trades and the harbour masters will help to ensure your requirements are taken care of. MedSea Marine can assist with brokerage services, yacht assessment, winterage and yacht delivery.
